

Why an Administration fee?

Our administrative fee covers a host of services that today's insurance plans do not recognize as being of value. It helps us maintain the highest level of excellence, which also includes a superb staff who stay on-and-on for years (30 years in some cases), and people who have a commitment to excellence, believe in the importance of continuity of care, and have a traditional medical ethic that is not common in this world any longer.

If you are the type of person that values your health strongly & also realizes that this depends on education, service, and a competent and truly caring staff of people to make it happen, then you are in the right place for your care. Come join us.
